State of New Mexico

Susana Martinez
Governor

January 18, 2018

SENATE EXECUTIVE MESSAGE NO. 18

The Honorable Mary Kay Papen, President Pro Tempore and
Members of the New Mexico State Senate
State Capitol Building
Santa Fe, New Mexico 87501

Honorable President Pro Tempore Papen and Members of the Senate:

I have this day SIGNED:

SENATE BILL 1, with emergency clause

Respectfully yours,

[Signature]

Susana Martinez
Governor

RECEIVED FROM THE OFFICE OF THE GOVERNOR

Time: 6:31 a.m. p.m.  
Date: 1-18 , 2018  
By Secretary of State

Time:  a.m. p.m.  
Date:  , 2018  
By Chief Clerk of the Senate

State Capitol  •  Room 200  •  Santa Fe, New Mexico 87501  •  505-476-2200  •  fax: 505-476-2226
The Legislature
of the
State of New Mexico

53rd Legislature, 2nd Session

LAWS 2018

CHAPTER 1

SENATE BILL 1,

with emergency clause

Introduced by

SENATOR GAY G. KERNAN AND SENATOR STUART INGLE AND
SENATOR HOWIE C. MORALES, SENATORS WILLIAM F. BURT, PETE CAMPOS,
CARLOS R. CISNEROS, RON CRIGGS, RICHARD C. MARTINEZ, MARK MOORES,

BOBBY R. WOOLEY, MONICA C. YOUNGBLOOD

FOR THE LEGISLATIVE HEALTH AND
HUMAN SERVICES COMMITTEE
CHAPTER 1

AN ACT

RELATING TO HEALTH CARE; ENACTING THE NURSE LICENSURE
COMPACT; MAKING CONFORMING CHANGES TO THE NURSING PRACTICE
ACT; REPEALING SECTIONS OF THE NMSA 1978; DECLARING AN
EMERGENCY.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF NEW MEXICO:

SECTION 1. Section 61-3-24.1 NMSA 1978 (being Laws
2003, Chapter 307, Section 1) is repealed and a new Section
61-3-24.1 NMSA 1978 is enacted to read:

"61-3-24.1. NURSE LICENSURE COMPACT ENTERED INTO.--The
Nurse Licensure Compact is entered into law and entered into
with all other jurisdictions legally joining therein in a
form substantially as follows:

"Nurse Licensure Compact

ARTICLE 1 - Findings and Declaration of Purpose

A. The party states find that:

(1) the health and safety of the public are
affected by the degree of compliance with and the
effectiveness of enforcement activities related to state
nurse licensure laws;

(2) violations of nurse licensure and other
laws regulating the practice of nursing may result in injury
or harm to the public;

(3) the expanded mobility of nurses and the
use of advanced communication technologies as part of our
nation's health care delivery system require greater
coordination and cooperation among states in the areas of
nurse licensure and regulation;

(4) new practice modalities and technology
make compliance with individual state nurse licensure laws
difficult and complex;

(5) the current system of duplicative
licensure for nurses practicing in multiple states is
cumbersome and redundant for both nurses and states; and

(6) uniformity of nurse licensure
requirements throughout the states promotes public safety and
public health benefits.

B. The general purposes of this compact are to:

(1) facilitate the states' responsibility to
protect the public's health and safety;

(2) ensure and encourage the cooperation of
party states in the areas of nurse licensure and regulation;

(3) facilitate the exchange of information
between party states in the areas of nurse regulation,
investigation and adverse actions;

(4) promote compliance with the laws
governing the practice of nursing in each jurisdiction;

(5) invest all party states with the
authority to hold a nurse accountable for meeting all state
practice laws in the state in which the patient is located at
the time care is rendered through the mutual recognition of
party state licenses;

(6) decrease redundancies in the
consideration and issuance of nurse licenses; and

(7) provide opportunities for interstate
practice by nurses who meet uniform licensure requirements.

ARTICLE 2 - Definitions

As used in this compact:

A. "adverse action" means any administrative,
civil, equitable or criminal action permitted by a state's
laws that is imposed by a licensing board or other authority
against a nurse, including actions against an individual's
license or multistate licensure privilege such as revocation,
suspension, probation, monitoring of the licensee, limitation
on the licensee's practice, or any other encumbrance on
licensure affecting a nurse's authorization to practice,
including issuance of a cease and desist action;

B. "alternative program" means a non-disciplinary
monitoring program approved by a licensing board;

C. "commission" means the Interstate Commission of
Nurse Licensure Compact Administrators established in this
compact;

D. "coordinated licensure information system"
means an integrated process for collecting, storing and
sharing information on nurse licensure and enforcement
activities related to nurse licensure laws that is
administered by a nonprofit organization composed of and
controlled by licensing boards;

E. "current significant investigative information"
means:

(1) investigative information that a
licensing board, after a preliminary inquiry that includes
notification and an opportunity for the nurse to respond, if
required by state law, has reason to believe is not
groundless and, if proved true, would indicate more than a
minor infraction; or

(2) investigative information that indicates
that the nurse represents an immediate threat to public
health and safety regardless of whether the nurse has been
notified and had an opportunity to respond;

F. "encumbrance" means a revocation or suspension
of, or any limitation on, the full and unrestricted practice
of nursing imposed by a licensing board;

G. "home state" means the party state which is the
nurse's primary state of residence;

H. "licensing board" means a party state's
regulatory body responsible for issuing nurse licenses;

I. "multistate license" means a license to
practice as a registered nurse or a licensed practical or
vocational nurse issued by a home state licensing board that
authorizes the licensed nurse to practice in all party states
under a multistate licensure privilege;

J. "multistate licensure privilege" means a legal
authorization associated with a multistate license permitting
the practice of nursing as either a registered nurse or a
licensed practical or vocational nurse in a remote state;

K. "nurse" means a registered nurse or licensed
practical or vocational nurse, as those terms are defined by
each party state's practice laws;

L. "party state" means any state that has adopted
this compact;

M. "prior compact" means the prior nurse licensure
compact that is superseded by this compact;

N. "remote state" means a party state, other than
the home state;

O. "single-state license" means a nurse license
issued by a party state that authorizes practice only within
the issuing state and does not include a multistate licensure
privilege to practice in any other party state;

P. "state" means a state, territory or possession
of the United States and the District of Columbia; and

Q. "state practice laws" means a party state's
laws, rules and regulations that govern the practice of
nursing, define the scope of nursing practice, and create the
methods and grounds for imposing discipline. "State practice laws" do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE 3 - General Provisions and Jurisdiction

A. A multistate license to practice registered or licensed practical or vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse or as a licensed practical or vocational nurse, under a multistate licensure privilege, in each party state.

B. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state's criminal records.

C. For an applicant to obtain or retain a multistate license in the home state, each party state shall require that the applicant:

(1) meets the home state's qualifications
for licensure or renewal of licensure as well as all other applicable state laws;

(2) has graduated:

(a) or is eligible to graduate from a licensing board-approved registered nurse or licensed practical or vocational nurse prelicensure education program; or

(b) from a foreign registered nurse or licensed practical or vocational nurse prelicensure education program that: 1) has been approved by the authorized accrediting body in the applicable country; and 2) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

(3) has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the applicant's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing and listening;

(4) has successfully passed a national council licensure examination for registered nurses or a national council licensure examination for practical or vocational nurses given by the national council of state boards of nursing or an exam given by a recognized predecessor or successor organization, as applicable;
(5) is eligible for or holds an active, unencumbered license;

(6) has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the federal bureau of investigation and the agency responsible for retaining that state's criminal records;

(7) has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

(8) has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

(9) is not currently enrolled in an alternative program;

(10) is subject to self-disclosure requirements regarding current participation in an alternative program; and

(11) has a valid United States social security number.

D. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure
privilege such as revocation, suspension, probation or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

E. A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts and the laws of the party state in which the client is located at the time service is provided.

F. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in
this compact shall affect the requirements established by a
party state for the issuance of a single-state license.

C. Any nurse holding a home state multistate
license, on the effective date of this compact, may retain
and renew the multistate license issued by the nurse's
then-current home state, provided that a nurse who:

    (1) changes primary state of residence after
this compact's effective date must meet all applicable
requirements of Subsection C of Article 3 of the Nurse
Licensure Compact to obtain a multistate license from a new
home state; or

    (2) fails to satisfy the multistate
licensure requirements in Subsection C of Article 3 of the
Nurse Licensure Compact due to a disqualifying event
occurring after this compact's effective date shall be
ineligible to retain or renew a multistate license, and the
nurse's multistate license shall be revoked or deactivated in
accordance with applicable rules adopted by the commission.

ARTICLE 4 - Applications for Licensure in a Party State

    A. Upon application for a multistate license, the
licensing board in the issuing party state shall ascertain,
through the coordinated licensure information system, whether
the applicant has ever held, or is the holder of, a license
issued by any other state, whether there are any encumbrances
on any license or multistate licensure privilege held by the
applicant, whether any adverse action has been taken against
any license or multistate licensure privilege held by the
applicant and whether the applicant is currently
participating in an alternative program.

E. A nurse may hold a multistate license, issued
by the home state, in only one party state at a time.

C. If a nurse changes primary state of residence
by moving between two party states, the nurse must apply for
licensure in the new home state, and the multistate license
issued by the prior home state will be deactivated in
accordance with applicable rules adopted by the commission.

(1) The nurse may apply for licensure in
advance of a change in primary state of residence.

(2) A multistate license shall not be issued
by the new home state until the nurse provides satisfactory
evidence of a change in primary state of residence to the new
home state and satisfies all applicable requirements to
obtain a multistate license from the new home state.

D. If a nurse changes primary state of residence
by moving from a party state to a non-party state, the
multistate license issued by the prior home state will
convert to a single-state license, valid only in the former
home state.

ARTICLE 5 - Additional Authorities Invested in Party State

Licensing Boards
A. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

1. take adverse action against a nurse's multistate licensure privilege to practice within that party state; provided that:
   
2. (a) only the home state shall have the power to take adverse action against a nurse's license issued by the home state; and
3. (b) for purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action;
4. (2) issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state;
5. (3) complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state.
of any such actions;

(4) issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located;

(5) obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the federal bureau of investigation for criminal background checks, receive the results of the federal bureau of investigation record search on criminal background checks and use the results in making licensure decisions;

(6) if otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse; and
(7) take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

B. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

C. Nothing in this compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

ARTICLE 6 - Coordinated Licensure Information System and Exchange of Information

A. All party states shall participate in a coordinated licensure information system of all licensed registered nurses and licensed practical or vocational
nurses. This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

B. The commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under this compact.

C. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials) and nurse participation in alternative programs known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

D. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

E. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with non-party states or
disclosed to other entities or individuals without the express permission of the contributing state.

F. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

G. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated licensure information system.

H. The compact administrator of each party state shall furnish a uniform data set to the compact administrator of each other party state, which shall include, at a minimum:

1. identifying information;
2. licensure data;
3. information related to alternative program participation; and
4. other information that may facilitate the administration of this compact, as determined by commission rules.

I. The compact administrator of a party state shall provide all investigative documents and information
requested by another party state.

ARTICLE 7 - Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

A. The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

(1) The commission is an instrumentality of the party states.

(2) Venue is proper, and judicial proceedings by or against the commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

(3) Nothing in this compact shall be construed to be a waiver of sovereign immunity.

B. Membership, Voting and Meetings

(1) Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy occurring in the commission shall be filled in
accordance with the laws of the party state in which the
vacancy exists.

(2) Each administrator shall be entitled to
one vote with regard to the promulgation of rules and
creation of bylaws and shall otherwise have an opportunity to
participate in the business and affairs of the commission.
An administrator shall vote in person or by such other means
as provided in the bylaws. The bylaws may provide for an
administrator's participation in meetings by telephone or
other means of communication.

(3) The commission shall meet at least once
during each calendar year. Additional meetings shall be held
as set forth in the bylaws or rules of the commission.

(4) All meetings shall be open to the
public, and public notice of meetings shall be given in the
same manner as required under the rulemaking provisions in
Article 8 of the Nurse Licensure Compact.

(5) The commission may convene in a closed,
nonpublic meeting if the commission must discuss:
(a) noncompliance of a party state with
its obligations under this compact;
(b) the employment, compensation,
discipline or other personnel matters, practices or
procedures related to specific employees or other matters
related to the commission's internal personnel practices and
procedures;

(c) current, threatened or reasonably anticipated litigation;

(d) negotiation of contracts for the purchase or sale of goods, services or real estate;

(e) accusing any person of a crime or formally censuring any person;

(f) disclosure of trade secrets or commercial or financial information that is privileged or confidential;

(g) disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(h) disclosure of investigatory records compiled for law enforcement purposes;

(i) disclosure of information related to any reports prepared by or on behalf of the commission for the purpose of investigation of compliance with this compact; or

(j) matters specifically exempted from disclosure by federal or state statute.

(6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision.
The commission shall keep minutes that fully and clearly
describe all matters discussed in a meeting and shall provide
a full and accurate summary of actions taken, and the reasons
therefor, including a description of the views expressed.
All documents considered in connection with an action shall
be identified in such minutes. All minutes and documents of
a closed meeting shall remain under seal, subject to release
by a majority vote of the commission or order of a court of
competent jurisdiction.

C. The commission shall, by a majority vote of the
administrators, prescribe bylaws or rules to govern its
conduct as may be necessary or appropriate to carry out the
purposes and exercise the powers of this compact, including
but not limited to:

(1) establishing the fiscal year of the
commission;

(2) providing reasonable standards and
procedures:

(a) for the establishment and meetings
of other committees; and

(b) governing any general or specific
delegation of any authority or function of the commission;

(3) providing reasonable procedures for
calling and conducting meetings of the commission, ensuring
reasonable advance notice of all meetings and providing an
opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

(4) establishing the titles, duties and authority and reasonable procedures for the election of the officers of the commission;

(5) providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the commission; and

(6) providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of this compact after the payment or reserving of all of its debts and obligations.

D. The commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on
the website of the commission.

E. The commission shall maintain its financial
records in accordance with the bylaws.

F. The commission shall meet and take such actions
as are consistent with the provisions of this compact and the
bylaws.

G. The commission shall have the following powers:

(1) to promulgate uniform rules to
facilitate and coordinate implementation and administration
of this compact. The rules shall have the force and effect
of law and shall be binding in all party states;

(2) to bring and prosecute legal proceedings
or actions in the name of the commission, provided that the
standing of any licensing board to sue or be sued under
applicable law shall not be affected;

(3) to purchase and maintain insurance and
bonds;

(4) to borrow, accept or contract for
services of personnel, including but not limited to employees
of a party state or nonprofit organizations;

(5) to cooperate with other organizations
that administer state compacts related to the regulation of
nursing, including but not limited to sharing administrative
or staff expenses, office space or other resources;

(6) to hire employees, elect or appoint
officers, fix compensation, define duties, grant such individuals appropriate authority to carry out the purposes of this compact, and to establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel and other related personnel matters;

(7) to accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same; provided that at all times the commission shall avoid any appearance of impropriety or conflict of interest;

(8) to lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, whether real, personal or mixed; provided that at all times the commission shall avoid any appearance of impropriety;

(9) to sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any property, whether real, personal or mixed;

(10) to establish a budget and make expenditures;

(11) to borrow money;

(12) to appoint committees, including advisory committees comprised of administrators, state nursing regulators, state legislators or their
representatives, consumer representatives, and other such
interested persons;

(13) to provide and receive information
from, and to cooperate with, law enforcement agencies;

(14) to adopt and use an official seal; and

(15) to perform such other functions as may
be necessary or appropriate to achieve the purposes of this
compact consistent with the state regulation of nurse
licensure and practice.

H. Financing of the Commission

(1) The commission shall pay, or provide for
the payment of, the reasonable expenses of its establishment,
organization and ongoing activities.

(2) The commission may also levy on and
collect an annual assessment from each party state to cover
the cost of its operations, activities and staff in its
annual budget as approved each year. The aggregate annual
assessment amount, if any, shall be allocated based upon a
formula to be determined by the commission, which shall
promulgate a rule that is binding upon all party states.

(3) The commission shall not incur
obligations of any kind prior to securing the funds adequate
to meet the same; nor shall the commission pledge the credit
of any of the party states, except by, and with the authority
of, such party state.
(4) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

1. Qualified Immunity, Defense and Indemnification

(1) The administrators, officers, executive director, employees and representatives of the commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional, willful or wanton misconduct of that person.

(2) The commission shall defend any administrator, officer, executive director, employee or
representative of the commission in any civil action seeking
to impose liability arising out of any actual or alleged act,
error or omission that occurred within the scope of
commission employment, duties or responsibilities, or that
the person against whom the claim is made had a reasonable
basis for believing occurred within the scope of commission
employment, duties or responsibilities; provided that nothing
herein shall be construed to prohibit that person from
retaining his or her own counsel; and provided further that
the actual or alleged act, error or omission did not result
from that person's intentional, willful or wanton misconduct.

(3) The commission shall indemnify and hold
harmless any administrator, officer, executive director,
employee or representative of the commission for the amount
of any settlement or judgment obtained against that person
arising out of any actual or alleged act, error or omission
that occurred within the scope of commission employment,
duties or responsibilities, or that such person had a
reasonable basis for believing occurred within the scope of
commission employment, duties or responsibilities, provided
that the actual or alleged act, error or omission did not
result from the intentional, willful or wanton misconduct of
that person.

ARTICLE 8 - Rulemaking

A. The commission shall exercise its rulemaking
powers pursuant to the criteria set forth in this article and
the rules adopted thereunder. Rules and amendments shall
become binding as of the date specified in each rule or
amendment and shall have the same force and effect as
provisions of this compact.

E. Rules or amendments to the rules shall be
adopted at a regular or special meeting of the commission.

C. Prior to promulgation and adoption of a final
rule or rules by the commission, and at least sixty days in
advance of the meeting at which the rule will be considered
and voted upon, the commission shall file a notice of
proposed rulemaking:

(1) on the website of the commission; and
(2) on the website of each licensing board
or the publication in which each state would otherwise
publish proposed rules.

D. The notice of proposed rulemaking shall
include:

(1) the proposed time, date and location of
the meeting in which the rule will be considered and voted
upon;
(2) the text of the proposed rule or
amendment, and the reason for the proposed rule;
(3) a request for comments on the proposed
rule from any interested person; and
(4) the manner in which interested persons
may submit notice to the commission of their intention to
attend the public hearing and any written comments.

E. Prior to adoption of a proposed rule, the
commission shall allow persons to submit written data, facts,
options and arguments, which shall be made available to the
public.

F. The commission shall grant an opportunity for a
public hearing before it adopts a rule or amendment.

G. The commission shall publish the place, time
and date of the scheduled public hearing.

(1) Hearings shall be conducted in a manner
providing each person who wishes to comment a fair and
reasonable opportunity to comment orally or in writing. All
hearings will be recorded, and a copy will be made available
upon request.

(2) Nothing in this section shall be
construed as requiring a separate hearing on each rule.
Rules may be grouped for the convenience of the commission at
hearings required by this section.

H. If no one appears at the public hearing, the
commission may proceed with promulgation of the proposed
rule.

I. Following the scheduled hearing date, or by the
close of business on the scheduled hearing date if the
hearing was not held, the commission shall consider all
written and oral comments received.

J. The commission shall, by majority vote of all
administrators, take final action on the proposed rule and
shall determine the effective date of the rule, if any, based
on the rulemaking record and the full text of the rule.

K. Upon determination that an emergency exists,
the commission may consider and adopt an emergency rule
without prior notice, opportunity for comment or hearing,
provided that the usual rulemaking procedures provided in
this compact and in this section shall be retroactively
applied to the rule as soon as reasonably possible, in no
event later than ninety days after the effective date of the
rule. For the purposes of this provision, an emergency rule
is one that must be adopted immediately in order to:

(1) meet an imminent threat to public
health, safety or welfare;

(2) prevent a loss of commission or party
state funds; or

(3) meet a deadline for the promulgation of
an administrative rule that is required by federal law or
rule.

L. The commission may direct revisions to a
previously adopted rule or amendment for purposes of
correcting typographical errors, errors in format, errors in
consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE 9 - Oversight, Dispute Resolution and Enforcement

A. Oversight

(1) Each party state shall enforce this compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent.

(2) The commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the commission shall render a judgment or order void as to the commission, this compact or promulgated rules.

B. Default, Technical Assistance and Termination

(1) If the commission determines that a
party state has defaulted in the performance of its
obligations or responsibilities under this compact or the
promulgated rules, the commission shall:

(a) provide written notice to the
defaulting state and other party states of the nature of the
default, the proposed means of curing the default or any
other action to be taken by the commission; and

(b) provide remedial training and
specific technical assistance regarding the default.

(2) If a state in default fails to cure the
default, the defaulting state's membership in this compact
may be terminated upon an affirmative vote of a majority of
the administrators, and all rights, privileges and benefits
conferred by this compact may be terminated on the effective
date of termination. A cure of the default does not relieve
the offending state of obligations or liabilities incurred
during the period of default.

(3) Termination of membership in this
compact shall be imposed only after all other means of
securing compliance have been exhausted. Notice of intent to
suspend or terminate shall be given by the commission to the
governor of the defaulting state and to the executive officer
of the defaulting state's licensing board and each of the
party states.

(4) A state whose membership in this compact
has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(5) The commission shall not bear any costs related to a state that is found to be in default or whose membership in this compact has been terminated unless agreed upon in writing between the commission and the defaulting state.

(6) The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district in which the commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

C. Dispute Resolution

(1) Upon request by a party state, the commission shall attempt to resolve disputes related to the compact that arise among party states and between party and non-party states.

(2) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

(3) In the event the commission cannot resolve disputes among party states arising under this
compact:

(a) the party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the compact administrator in each of the affected party states and an individual mutually agreed upon by the compact administrators of all the party states involved in the dispute; and

(b) the decision of a majority of the arbitrators shall be final and binding.

D. Enforcement

(1) The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

(2) By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia or the federal district in which the commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

(3) The remedies herein shall not be the exclusive remedies of the commission. The commission may
pursue any other remedies available under federal or state law.

ARTICLE 10 - Effective Date, Withdrawal and Amendment

A. This compact shall become effective and binding on the earlier of the date of legislative enactment of this compact into law by no less than twenty-six states or December 31, 2018. All party states to this compact that were parties to the prior compact shall be deemed to have withdrawn from the prior compact within six months after the effective date of this compact.

E. Each party state to this compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the prior compact until such party state has withdrawn from the prior compact.

C. Any party state may withdraw from this compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six months after enactment of the repealing statute.

D. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

E. Nothing contained in this compact shall be construed to invalidate or prevent any nurse licensure
agreement or other cooperative arrangement between a party
state and a non-party state that is made in accordance with
the other provisions of this compact.

F. This compact may be amended by the party
states. No amendment to this compact shall become effective
and binding upon the party states unless and until it is
enacted into the laws of all party states.

G. Representatives of non-party states to this
compact shall be invited to participate in the activities of
the commission, on a nonvoting basis, prior to the adoption
of this compact by all states.

ARTICLE 11 - Construction and Severability

This compact shall be liberally construed so as to
effectuate the purposes thereof. The provisions of this
compact shall be severable, and if any phrase, clause,
sentence or provision of this compact is declared to be
contrary to the constitution of any party state or of the
United States, or if the applicability thereof to any
government, agency, person or circumstance is held invalid,
the validity of the remainder of this compact and the
applicability thereof to any government, agency, person or
circumstance shall not be affected thereby. If this compact
shall be held to be contrary to the constitution of any party
state, this compact shall remain in full force and effect as
to the remaining party states and in full force and effect as
to the party state affected as to all severable matters."

SECTION 2. Section 61-3-29.1 NMSA 1978 (being Laws 1987, Chapter 285, Section 1, as amended) is amended to read:

"61-3-29.1. DIVERSION PROGRAM CREATED--ADVISORY COMMITTEE--RENEWAL FEE--REQUIREMENTS--IMMUNITY FROM CIVIL ACTIONS.--

A. The board shall establish a diversion program to rehabilitate nurses whose competencies may be impaired because of the abuse of drugs or alcohol so that nurses can be treated and returned to or continue the practice of nursing in a manner that will benefit the public. The intent of the diversion program is to develop a voluntary alternative to traditional disciplinary actions and an alternative to lengthy and costly investigations and administrative proceedings against such nurses, at the same time providing adequate safeguards for the public.

B. The board shall appoint one or more evaluation committees, hereinafter called "regional advisory committees", each of which shall be composed of members with expertise in chemical dependency. At least one member shall be a registered nurse. No current member of the board shall be appointed to a regional advisory committee. The executive officer of the board or the executive officer's designee shall be the liaison between each regional advisory committee and the board.
C. Each regional advisory committee shall function under the direction of the board and in accordance with regulations of the board. The regulations shall include directions to a regional advisory committee to:

1. establish criteria for continuance in the program;
2. develop a written diversion program contract to be approved by the board that sets forth the requirements that shall be met by the nurse and the conditions under which the diversion program may be successfully completed or terminated;
3. recommend to the board in favor of or against each nurse's discharge from the diversion program;
4. evaluate each nurse's progress in recovery and compliance with the nurse's diversion program contract;
5. report violations to the board;
6. submit an annual report to the board; and
7. coordinate educational programs and research related to chemically dependent nurses.

E. The board may increase the renewal fee for each nurse in the state not to exceed twenty dollars ($20.00) for the purpose of implementing and maintaining the diversion program.
E. Files of nurses in the diversion program shall be maintained in the board office and shall be confidential except as required to be disclosed pursuant to the Nurse Licensure Compact, when used to make a report to the board concerning a nurse who is not cooperating and complying with the diversion program contract or, with written consent of a nurse, when used for research purposes as long as the nurse is not specifically identified. However, the files shall be subject to discovery or subpoena. The confidential provisions of this subsection are of no effect if the nurse admitted to the diversion program leaves the state prior to the completion of the program.

F. A person making a report to the board or to a regional advisory committee regarding a nurse suspected of practicing nursing while habitually intemperate or addicted to the use of habit-forming drugs or making a report of a nurse's progress or lack of progress in rehabilitation shall be immune from civil action for defamation or other cause of action resulting from such reports if the reports are made in good faith and with some reasonable basis in fact.

C. A person admitted to the diversion program for chemically dependent nurses who fails to comply with the provisions of this section or with the rules and regulations adopted by the board pursuant to this section or with the written diversion program contract or with any amendments to
the written diversion program contract may be subject to
disciplinary action in accordance with Section 61-3-28 NMSA
1978."

SECTION 3. REPEAL.--Section 61-3-24.2 NMSA 1978 (being
Laws 2003, Chapter 307, Section 2) is repealed.

SECTION 4. EMERGENCY.--It is necessary for the public
peace, health and safety that this act take effect
immediately.
John A. Sanchez, President
Senate

Lenore M. Naranjo, Chief Clerk
Senate

Brian Egolf, Speaker
House of Representatives

Lisa M. Ortiz McCutcheon, Chief Clerk
